

Call for Application – Expert Group members!

Would you like to become **part of a sustainable platform for international cooperation** in digital health? **Meet experts** in your field from the EU, US, Canada, China, Japan and South Korea? Participate in **three workshops worldwide**? Contribute to a **roadmap with proposals for future collaboration**?

IDIH will set up an expert-driven “**Digital Health Transformation Forum**”, consisting of **four Expert Groups (EGs)**, which aims to become a **long-lasting mechanism for international dialogue in digital health**.

Each EG operates on a chosen “focus topic” and is chaired by a **scientific expert**, supported by a **facilitator** (a member of the IDIH consortium). **The EGs will have at least six members each, including the EG Chairs. Selected EG members will be financially supported by the IDIH project to participate in EG activities.** It is aimed to **achieve a balance regarding the number of EG members from each region targeted by IDIH to ensure that all countries and regions are similarly represented.**

The four EGs will undertake collaborative actions in **four selected focus topics** (to be confirmed):

- 1. Preventive care** - Focus: Early diagnosis and detection;
- 2. Integrated care** - Focus: Using new technologies to redesign, coordinate and integrate health and social services and place citizens, patients and seniors at the centre of health systems;
- 3. Independent and connected living** - Focus: Tele-monitoring via smart home and living technologies;
- 4. Inclusive living** - Focus: Helping the elderly feel more connected socially/ healthy living.

A major result of the expert-driven work will be the **development of a roadmap for future collaboration in priority areas, pointing to suitable potential funding schemes.**

Who can apply?

IDIH is looking for individuals whose **expertise is in alignment with the focus topics**, who have a **proven track record** in their field and are able to **contribute towards the objectives of the EG**. The candidate must be from the **EU, USA, Canada, China, Japan or South Korea**. The candidate has to be currently active in the field and represent one of the following stakeholder groups: **Research, Technology & Innovation actor, industry actor, innovation facilitator, user association or advocacy group**.

The call for application for experts from the EU, USA and Canada is now officially closed. **However, we extended the application period for experts from South Korea, Japan and China until 28th February 2020!** To apply, please send your CV with a short explanation on why you are interested in becoming an Expert Group member or Chair, to experts@idih-global.eu, and please precise **which Expert Group you are interested in joining (can be multiple)**.

For detailed selection criteria and more information on the EG members’ and Chairs’ role, please download and consult the Expert Groups – Terms of References.
