	MONDAY	TUESDAY	WEDNESDAY	THURSDAY
Asian slots	Hour 1	INFO DAY	PITCH DAY 1	Japan Regional Workshop
	Hour 2			
American slots	Hour 3	US Regional Workshop (17.00 – 19.00 CET / 11.00 – 13.00 EST / 8.00 – 10.00 PST)	2 nd PLC Meeting (Reserved to Policy Makers)	PITCH DAY 2
	Hour 4			
	March 21	March 22	March 23	March 24

- INFO DAY (March 21, 9.00 - 11.00 CET)**
 This Info Day is dedicated to the IDIH findings and products, as well as to IDIH progress towards sustainability. It will also *highlights* current opportunities for international cooperation in the field of Digital Health for Active and Healthy Ageing.
- US REGIONAL WORKSHOP (March 21, 17.00 - 19.00 CET)**
 This workshop is dedicated to the US landscape of R&I around Digital Health for AHA. It will focus on how COVID has impacted independent and connected living of the older persons with the perspective of start-ups, investors, and the patients themselves. A session will be dedicated to Q&A with the audience.
- PARTNERING DAYS (March 22, 9.00 – 11.00 CET / March 23, 15.00 – 17.00 CET)**
 Partnering Days will be dedicated to the presentation – through a short pitch – of ongoing projects (for results dissemination/exploitation purposes), new project ideas and expertise offers/requests by the organizations working in the field of Digital Health for AHA. Sessions are planned for March 22, 9.00 – 11.00 CET and March 23, 15.00 – 17.00 CET and will be respectively dedicated to Asian and American audience. Do you wish to pitch your project idea or expertise? **Apply [HERE!](#) Use [this template](#) to send your Flash Presentation to idih@apre.it by March 14.**
- JAPAN REGIONAL WORKSHOPS (March 23, 9.00 - 11.00 CET)**
 A panel-discussion (in Japanese with English subtitles) will be held with the participation of the Ministry of Internal Affairs and Communication, in charge of HORIZON 2020 in Japan, and some key-players in the R&I landscape in Japan. A session will be dedicated to Q&A with the audience.
- INNOVATION DAY (March 24, 9.00 – 11.00 CET & 15.00 – 17.00 CET)**
 Starting from the findings of IDIH Experts – gathered in the [IDIH Digital Health Transformation Forum](#) – this event will be the occasion to address Digital Health for Active and Healthy Ageing focusing on the three areas suggested by the IDIH Experts for enhancing international cooperation in the field: *Data Governance, Digital Inclusion, Interoperability-by-design*. Thanks to the participation of the [eVita project](#) and the [North American Chapter International Society for Gerontechnology](#), 2 Panel Discussions will further explore these areas highlighting tech challenges and opportunities offered by collaborative research at international level. Co-creation sessions will follow among the panelists, as well as the audience through ad hoc tools for live interactions.

- **Full Title:** International Digital Health Cooperation for Preventive, Integrated, Independent and Inclusive Living
- **Start Date:** 1st May 2019
- **Aim:** Promote and increase international collaboration to advance digital health in the EU and key Strategic Partner Countries to support active and healthy ageing (AHA) through innovation

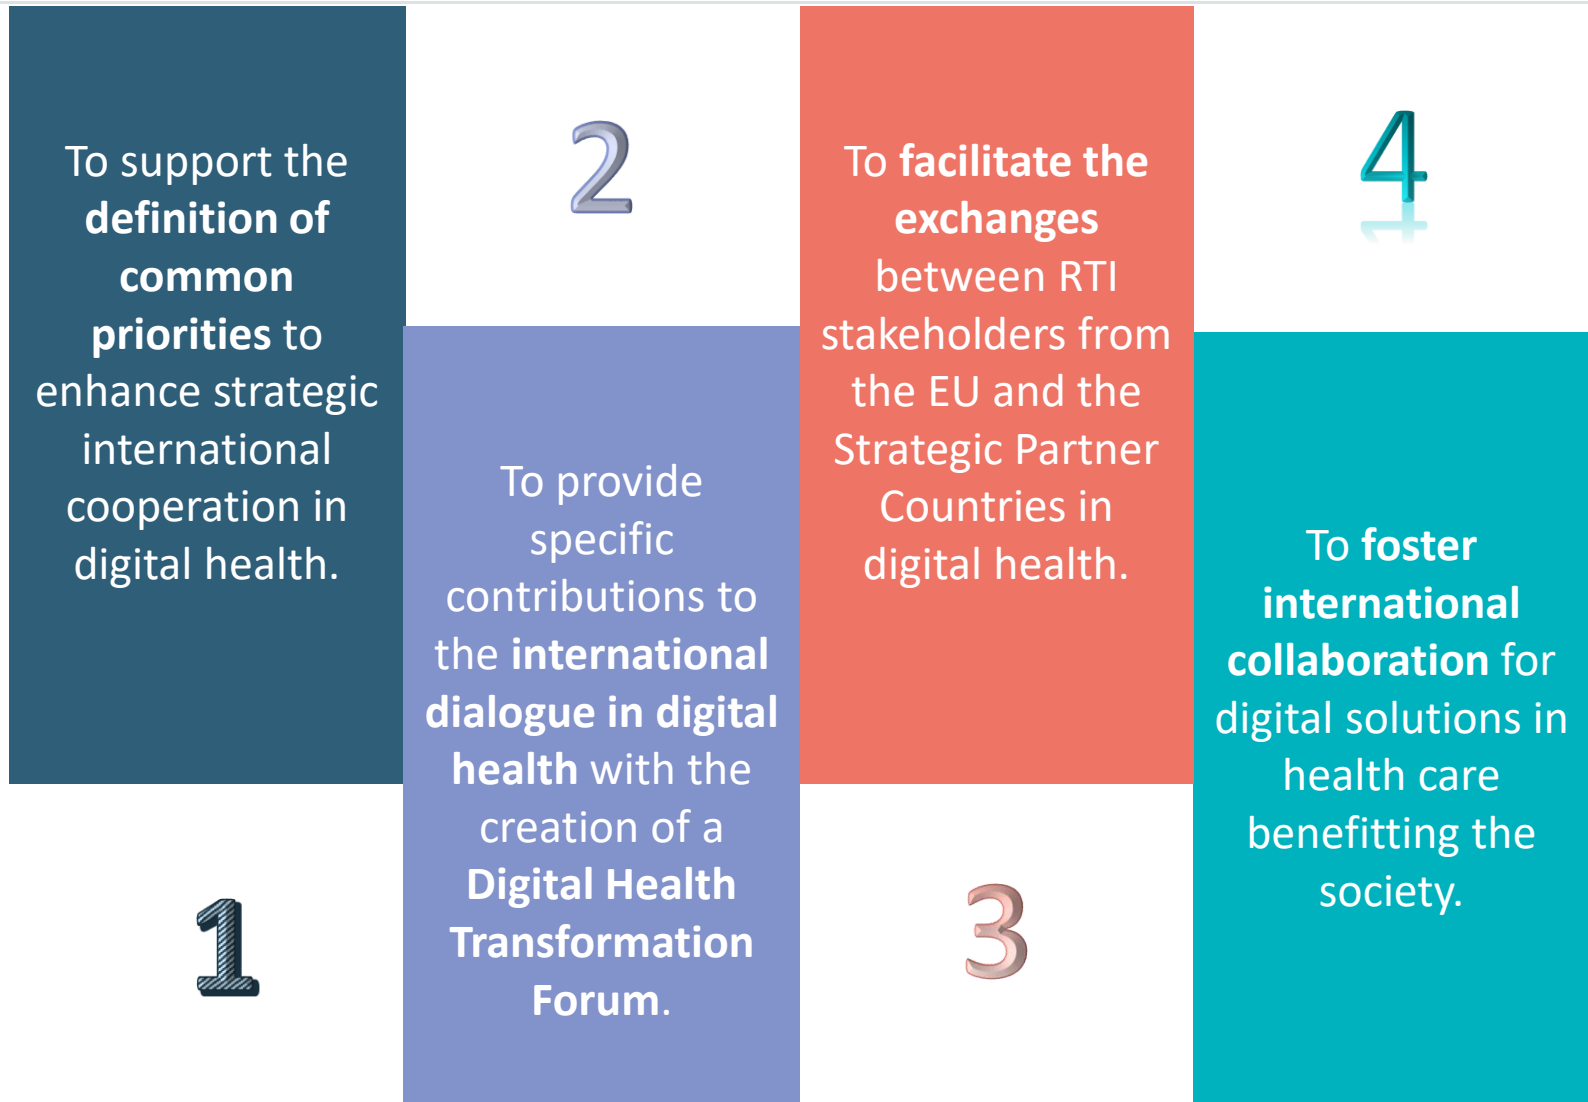

AIM | Promote and increase international collaboration to advance digital health in the EU and key Strategic Partner Countries to support active and healthy ageing (AHA) through innovation

▶ **IDIH serves as a CATALYST for the INTERNATIONAL DIALOGUE in DIGITAL HEALTH for AHA**

Four Targeted Objectives

IDIH Experts Forum

- 4 Experts Groups
- 4 Strategic Topics
- 3 Experts Groups Workshops
- IDIH Week 2021
- IDIH Webinar
- Consultation with the IDIH Users Consultation Group:

Ilenia Gheno, Research Project Manager

Anna Odone, President of the Digital Health section

Peggy Maguire, Director General

Stephen Johnston, co-funder
中国老年学和老年医学学会智慧医养分会
HEALTH CARE AND LONG TERM CARE SERVICE OF CHINA ASSOCIATION OF GERONTOLOGY AND GERIATRICS
Jie Wang, Vice President

日本健康技術学会

GERONTECHNOLOGY

Digital Health Transformation Forum

- Expected to become a long-lasting mechanism for international dialogue on exploitation of synergies, promising avenues, and open issues in digital health.
- Shall develop a Roadmap with concrete measures for enhancing collaboration in priority areas.

IDIH Expert Groups

Activities

- Collaborative actions
- Exchange in areas and topics of collaboration in digital health domains
- Ensure mutual learning and knowledge exchange between countries and regions

Experts

- Four Expert Groups (one per strategic topic)
- Experts coming from research, technology, industry, advocacy groups, etc.
- Experts were selected via application process

Four Strategic Topics

	Preventive care	Integrated care	Independent and connected living	Inclusive living
	<p>Focus: Early diagnosis and detection Active and healthy aging begins with a prolonged health regimen. Tech enabled solutions that engage users in health and wellness techniques will allow active and meaningful senior lifestyles.</p>	<p>Focus: Using new technologies to redesign, coordinate and integrate health and social services and place citizens, patients and seniors at the centre of health systems. Technology in the integrated care domain is intended to provide support at the point of care, anytime and anywhere.</p>	<p>Focus: Tele monitoring via smart home and living technologies Connected living is made possible through smart sensors and buildings, mHealth solutions, mobility aids, secure data, robotics, and e health</p>	<p>Focus: Helping the elderly to feel socially more connected Healthy environments equal healthy individuals. In the aging population, a component of healthy living is inclusivity, promoting positive social engagement, and ensuring a rewarding social aspect to age</p>

IDIH (wider) Community

- IDIH | Long-term matchmaking platform
- Open Community at: <https://idih-week-2021.b2match.io/>
- +390 international stakeholders of Digital Health for Active and Healthy Ageing (32 %Universities, 30% Companies, 9% R&D Institutions)

Towards IDIH Week 2022!

Join the IDIH long-term matchmaking platform!

Networking&Matchmaking among all the key-stakeholders of digital solutions for Active and Healthy Ageing (AHA) in Europe, Canada, China, Japan, South Korea and USA.

This platform is part of the project IDIH - International Digital Health Cooperation for Preventive, Integrated, Independent and Inclusive Living and works as a Community of Experts where registered participants can exchange and match their interests and expertises in the field, starting building new exciting partnerships!

If you are already registered, you can keep schedule and have meetings with your potential international partners whenever you like until December 31, 2023.

If you are not registered yet, you can do it here, then – after creating your online (always editable) profile - you will be enabled to browse the [Participants Catalogue](#) and the [Marketplace](#), and request/accept meetings that can be realized via the platform until December 31, 2023.

How to schedule and have a meeting? It's easy! Visit the page B2B| How it works, you will find step-by-step instructions.

[!] **FURTHER GUIDANCE ON HOW TO HAVE B2Bs.** Check [these instructions](#) that may help you to access the video conference call directly in the b2match platform.

[!] **UPCOMING**

IDIH Week 2022 will be held on March 2022: to know more and register, please visit the dedicated section.

Towards the *International Experts Forum for Health Innovation*

ENRICH
GLOBAL
TAKING EUROPEAN
INNOVATION GLOBAL

Health Innovation Thematic Group: International Collaboration for Health Innovation

#Health #InternationalCooperation #Policies #Research&Innovation
#Digitalization #Ageing #Stakeholders Engagement

🏠 Aim:

- Facilitate international cooperation and policy dialogue on global health issues by harnessing the networking potential and critical mass of ENRICH Global members and their projects.

🏠 Activities:

International Experts Forum for Health Innovation establishment and management: this will be done by leveraging on the [IDIH Community of experts](#) +300 stakeholders. Activities and events engaging the Forum (1 Forum event per year, online) will be planned through a Bi-annual Plan.

- Target groups: *Researchers, Care providers, Users/Patients Associations, Health Tech providers, etc.*

International Policy Dialogue Workshops: (1 per year, online) to discuss about global Health challenges and compare Health policies, in a mutual learning and exchange environment that will also encourage eventual joint funding initiatives, to enhance international cooperation in specific sectors of Health*.

- Target groups: *Policy makers and funding agencies in the Health/R&I field*

**Evidence-based policy making will be also favoured through the participation in the workshop of the R&I experts from the International Experts Forum for Health Innovation.*

IDIH PRODUCTS AND SERVICES (I)

1 IDIH Factsheets

Overview of the **digital health research and innovation landscape** in Strategic Partner Countries (CAN, CN, JP, KR, USA):

- Priorities within digital health and AHA
- Challenges,
- Relevant key programmes
- Key players in the field
- Strengths and weaknesses

Overview of **international collaboration** and

- Success stories in digital Health bw EU and Strategic Partner Countries

2 IDIH Guidebooks

Updates on opportunities for researchers and innovators

- from IDIH Strategic Partner Countries under EU Funding
- from the EU under the American, Canadian, Chinese, Japanese and South Korean Funding Programmes

<https://idih-global.eu/outcomes/>

Access the factsheets:

• [Factsheet Canada](#)

• [Factsheet China](#)

• [Factsheet Japan](#)

• [Factsheet South Korea](#)

• [Factsheet USA](#)

IDIH PRODUCTS AND SERVICES (II)

3 IDIH Helpdesk

idih-global.eu/idih-helpdesk

Ad-hoc advice to RTI stakeholders from the EU and the Strategic Partner Countries on Funding Programmes and Calls that offer opportunities for international cooperation in the field of Digital Health and AHA

4 IDIH Long-term Matchmaking Platform

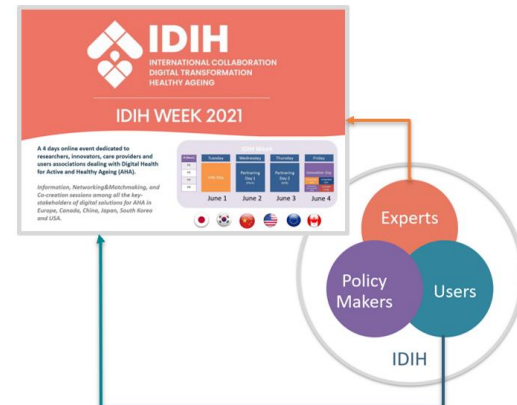

Networking among all key-stakeholders of digital solutions for AHA

Register at: <https://idih-week-2021.b2match.io/>

- Create your online profile specifying your Area of Activity and/or expertise request/offer in the Marketplace + Schedule B2B-meetings with your potential international partners until Dec 31, 2021.

5 IDIH Week 2021 & 2022

- 4 days online event dedicated to researchers, innovators, care providers and user associations dealing with Digital Health for AHA.
- Information, Networking & Matchmaking, Co-creation sessions
- Materials available at: <https://idih-week-2021.b2match.io/page-4061>

IDIH PRODUCTS AND SERVICES (III)

6 IDIH Podcast

- **The Future of Ageing Actively and Happily** is the podcast of the EU Project IDIH - International Digital Health Cooperation for Preventive, Integrated, Independent and Inclusive Living.
- Each episode focuses on one of these **topics**, and a strategic **region** of the world: Europe, China, Canada, Japan, South Korea, and USA.
- Available on 6 platforms

TIMING

PODCAST 1: March 2021 (Intro HE)

PODCAST 2: July 2021

PODCAST 3: October 2021

PODCAST 4: December 2021

PODCAST 5: January 2021

PODCAST 6: March 2022

Duration: max. 25 minutes

WHERE TO LISTEN

6 IDIH Magazine

- IDIH MAG FORMAT: a full PDF version
- IDIH MAG FORMAT: a reduced HTML version
- You can just draft your article promoting *events, initiatives and R&I projects at national/international level or experts/stakeholders from your organization/network, dealing with Digital Health for Active and Healthy Ageing*

Fondazione Casa Sollievo della Sofferenza IRCCS

Francesco Giuliani
Head of Innovation and Research

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 826092.

Description of the organization

Casa Sollievo della Sofferenza is an Italian non-profit **healthcare institution** that has been recognized by the Italian Ministry of Health as a Research Hospital (IRCCS) specialized in the field of “Genetic Diseases, Innovative Therapies and Regenerative Medicine”. Covering all medical specialties, it is one of the largest hospital in Southern Italy with an average of 57,000 yearly inpatients. Its researchers publish an average of 150 scientific articles each year on the most acknowledged scientific journals it has been a clinical partner for FP7, ERC and H2020 EU funded projects.

Expertise offer

- **Healthcare domain** expertise with a team of clinicians and technologists involved in subjects like Assistive Robotics, Artificial Intelligence, eHealth, IoT, Big Data, Cybersecurity
- The **design of clinical protocols** and the conduction of pilot studies in the mentioned fields, with the direct involvement of **patient cohorts** meeting the specific inclusion criteria and the provision of research data
- Support in the definition of **ethical aspects, data protection, exploitation** strategies and **communication** plans

IRCCS INRCA National Institute of Health and Science on Ageing

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 826092.

INRCA Description

INRCA is the Italian leading Public Institute in **gerontology** and **geriatrics**

dedicated to:

- develop **high standard and translational research** in the biomedical and health services organization area
- deliver **highly specialised medical, nursing and long-term care** for older people

INRCA is the coordinator of Italian Network on Ageing, that includes all the IRCSS dedicated to geriatrics in Italy.

- **5 research hospitals** based in 3 different Italian regions
- **a nursing home**
- **an Alzheimer day centre**
- **a scientific and technological area** dedicated to basic and applied research

Doing research at INRCA

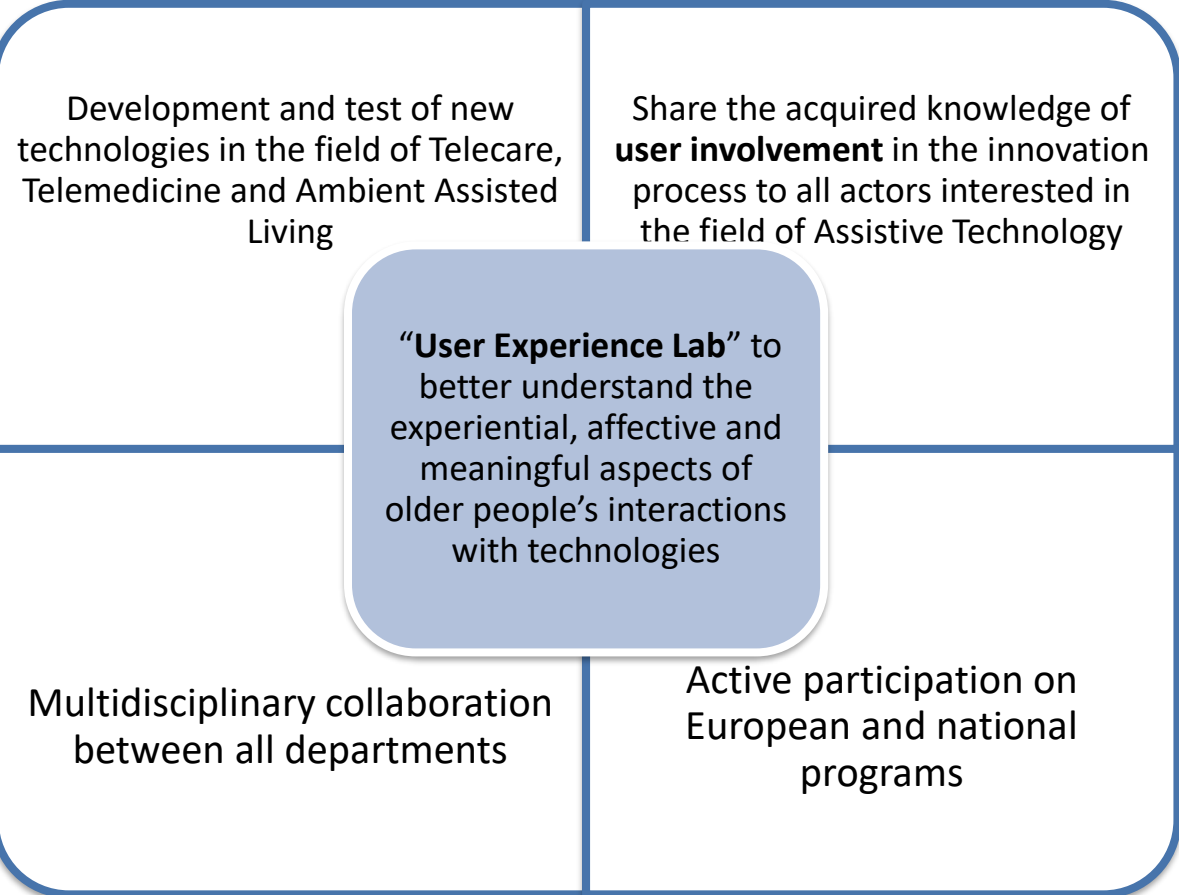

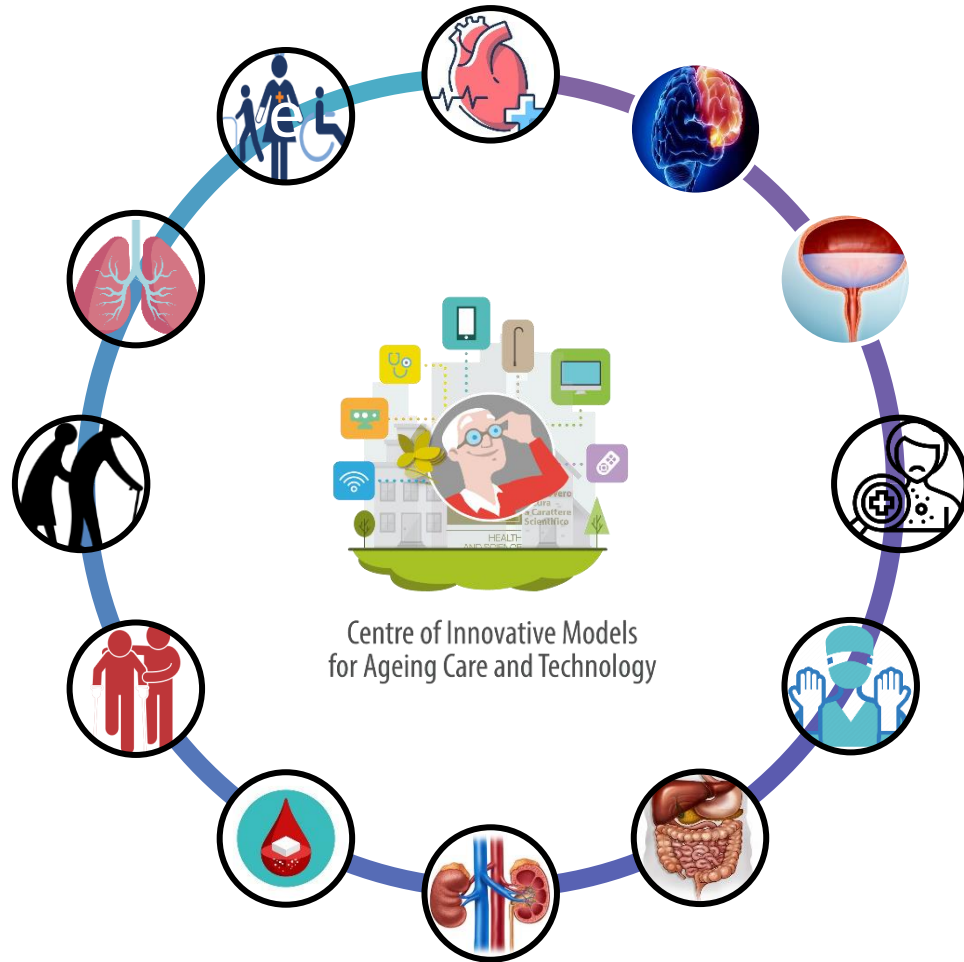

Geroscience: from the study of biomolecular mechanisms to the development of innovative interventions to promote healthy aging and evaluate the impact on multimorbidity, frailty and disability

Aging in health and epidemiology, diagnosis and management of acute and chronic diseases: from multimorbidity to geriatric syndromes and disability in the elderly population

Treatment of the elderly patient: integrated approach to age-related pathologies, multimorbidity, geriatric syndromes and disability

Health, well-being and independent life of the elderly and aging adults: Innovative strategies and Artificial Intelligence for social and digital inclusion

Close cooperation with the clinical units

Three research infrastructures

Smart home – living lab

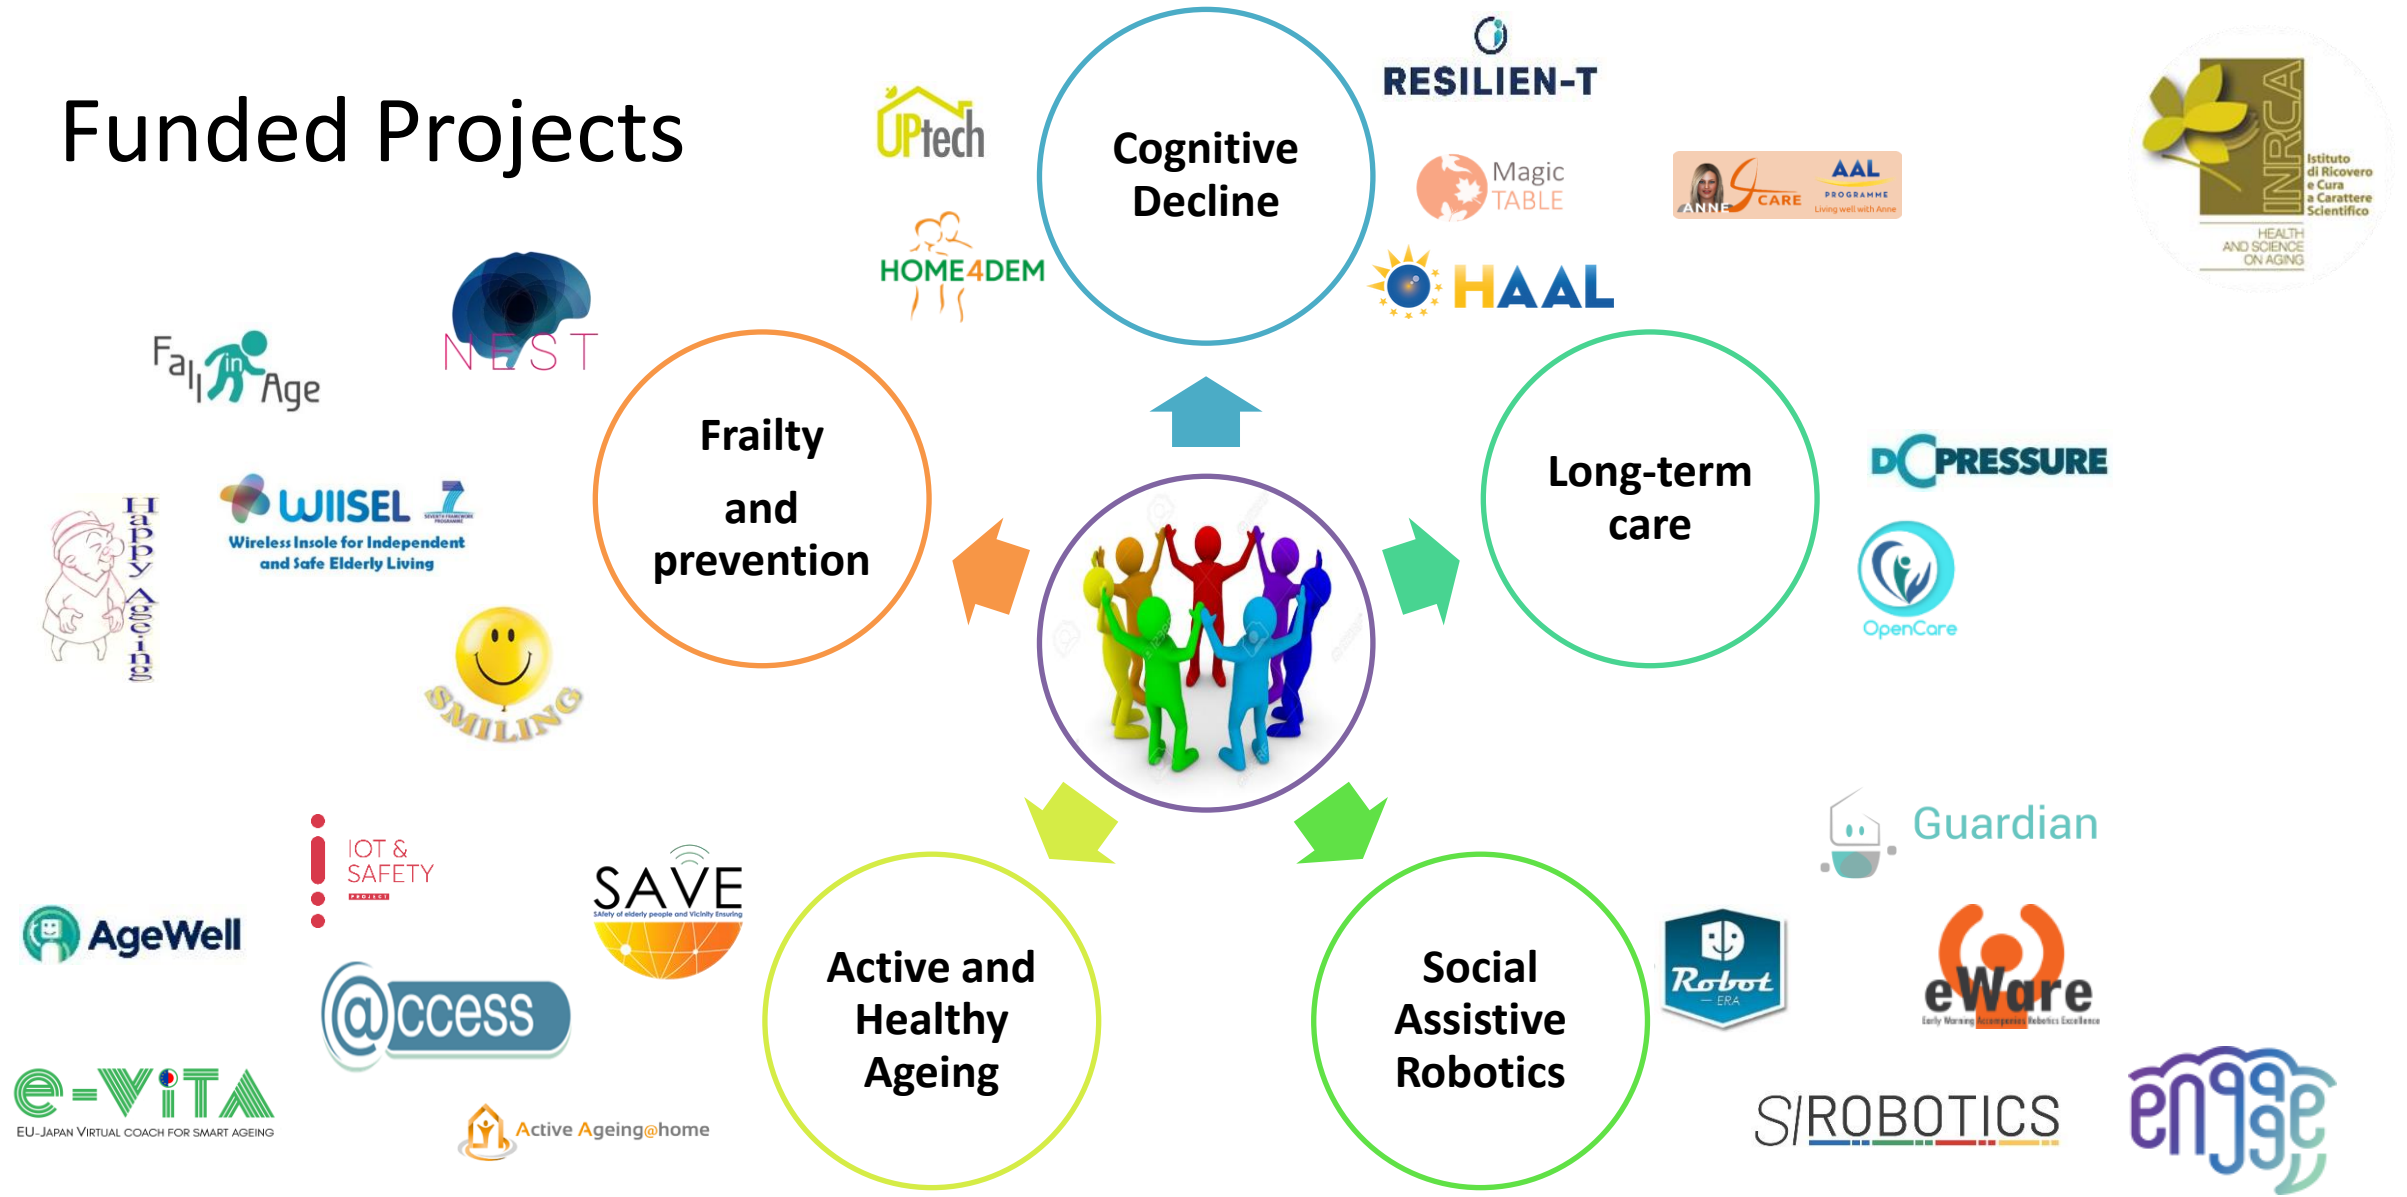

Interdepartmental usability lab

Robotic rehabilitation and VR lab

Endocorelab

Albert Valls

General Manager

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 826092.

Description of the organization

- Endocorelab is a scientific business group specialised in Value Based Evidence of the latest breakthrough medical devices on the field of endovascular and cardiovascular fields.
- Holistic Value approach: Clinically and Economically
- Our services cover the evidence needs along the full lifecycle of a medical device from Pre-Clinical to Post-Market Stages.
- Focused on Endovascular and Cardiovascular.

Project Cooperation Idea* (if applicable)

- Through the project of European Health Data sharing to find access to that big data and identify patterns and generate value healthcare evidence for more efficient health and policy decisions taken by the governments.
- Need to find a partner able to get this big data (only endovasclar and cardiovascular) according to EU data protection.
- Need to find a partner with expertise on big data management to find the paterns for us later on generate the evidence and the final value output.

Expertise request* (if applicable)

- Big Data Software.
- Big Data Analysis expertise.
- Data Analysis software in the field of healthcare.
- Digital Healthcare for Clinical Research solutions.
- Data Protection and EU Legislation

Expertise offer* (if applicable)

- CRO: To provide support to the pharmaceutical, biotechnology, and medical device industries in the form of research services outsourced on a contract basis.
- Corelab: diagnostic laboratory, usually understood to be located at a distance from an acute hospital trust, which generates results for Clinical Evidence
- Professional Education in Endovascular
- Real World Evidence
- Health Economics and Outcome Research
- Scientific Event Organisation

Contacts

Logosnet

Fernando Salvetti

Founder and Managing Partner Logosnet – e-REAL Dept.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 826092.

Description of the organization

The logo for LOGOSNET, featuring the word "LOGOSNET" in white capital letters on a red square background.

We are a service provider **ready to disrupt** the status quo for **healthcare simulation with e-REAL**.

Learners experience **full interactivity and immersion** in a **glasses-free** environment, **both onsite and online**.

e-REAL has been developed by Barbara & Fernando who are instructional designers and communication of science experts that are pioneering the Extended Reality with cutting-edge clients and world-class subject matter experts.

- ✓ SOLE SOURCE PRODUCT
- ✓ REGISTERED BRAND
- ✓ PRIVATELY HELD BY LOGOSNET
- ✓ START-UP SPIRIT
- ✓ CONTINUING R&D
- ✓ TECH AGNOSTICS
- ✓ SYSTEM INTEGRATORS
- ✓ XaaS

Project Cooperation Idea* (if applicable)

LOGOSNET

- Enhanced reality for immersive simulation (e-REAL: www.e-real.net) is the merging of real and virtual worlds: a mixed reality environment for hybrid simulation where physical and digital objects co-exist and interact in real time.
- Demo video: https://youtu.be/A_F5Xs57G5I
